REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

Claim 1 was allowed because the prior art of record does not teach or render obvious the total combination claimed for an image forming apparatus, wherein said controller is operable when determining that, if the sheet is caused to be temporarily stopped at the first location, the sheet cannot be conveyed to said transfer device by said conveying device in time for timing in which the image carried by said image carrier reaches said transfer device, for providing control to inhibit the sheet from being temporarily stopped at the first location.

Claim 5 was allowed because the prior art of record does not teach or render obvious the total combination claimed for an image forming apparatus, wherein said controller is operable when determining that, if the sheet is caused to be temporarily stopped at the first location, the sheet cannot be conveyed to said second transfer device by said conveying device in time for timing in which the image carried by said image carrier reaches said second transfer device, for providing control to inhibit the sheet from being temporarily stopped at the first location.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
